Testimonial1

I have been using oraMd for a few weeks now and I do see improvement in my gums. I had bleeding gums from an allergy to certain toothpaste and that just about is gone. Teeth looking better and brighter. And they feel much better. Thanks and I'll order more when needed.

Phil O.

Testimonial2

I have been using OraMD for about six months now. For a while, I was using a combination of other products along with the OraMD; however with the combination I didn't see that great of results. Now I am just using the OraMD and the results are remarkable. Before using OraMD, my gums were red, swollenJust after two weeks of using the OraMD by itself, my gums have stopped bleeding. They are starting to turn pink andI highly recommend OraMD to anyone who is troubled with my previous problems.

J.M.

Testimonial3

I have always had problems with my gums bleeding. I go to the dentist every three months for cleaning and I always have bleeding. I have been using the Oramd for about 3 months and went for my normal cleaning last week. I had very minimal bleeding and the hygenist said my gums were the best they have ever been. They were nice and firm as opposed to the softness she usually finds.

Testimonial5

My wife and I went to our dentist appt, we both received our checkupsI ran into Ray my close friend, and he told me about a product called ORA MD. He showed me his teeth from using the product and I can tell you that I never seen such pink strong healthy gums and shinny teeth! I asked him to get me a bottle of the product

So we acquired the bottle of ORA MD, and we both started to use the product, and we were both astonished after one week of usage of the product our gums were pinker than we ever seen before,

The following week my wife had a follow up appointment with the dentist, he examined her gums and teeth and he remarked to my wife your teeth look great!I wish I had more patients like you who have gums looking that healthy! From that day on we became believers

of this product, not only is our gums healthy, but our teeth are whiter than before! I advise anyone to try this product, and I will guarantee you will also get astonishing results!

Sal & Barbara, KY

Testimonial6

Please send me 2 more bottles of OraMD. I have been using OraMD for the past month and after less than two weeks, my formerly red gums returned to a health pnk and my mouth tastes fresher. I have tried other products but none have worked as quickly and effectively as OraMD. Thank you for introducing this to me.

Darryl T., San Diego, CA

Testimonial8

Since using Oramd, my wife and I have both noticed improvements in our gums.I am re-ordering the product because I am convinced that it is working for both of us, and I want to see how much improvement I can realize over a longer period of time. I've only been using it for a month and I can see a difference.

Richard M., Brooklyn, NY

Testimonial9

Received OraMD just one week ago. I'm using it myself and feel comfortable with it. But that is not the reason I am writing.

My 16 year old Norwich terrier Dizzie has had bad teeth and bad breath for at least 5 years. But he's too old to have anaesthetic apart from emergency situations so the vet can't help. So Diz has had to put up withUntil OraMD,

We've only used it for a week and already, with just a couple of tooth brushings a day, there are marked improvements. His smelly breath has disappeared and his gums are getting lighter. I'm expecting even better results in the next weeks. I'm really happy to have discovered OraMD.

It's safe and it works. Thank you. For the first time I feel I can help my hound in his twilight years.

Maggie F., London, England

The testimonials above are genuine and have not been changed for grammar, punctuation or spelling. These testimonials were edited to comply with FDA Regulations. These experiences should not be construed as the typical.

Testimonial10

I was expecting something akin to a toothpaste and was initially surprised at the strong taste, with no foam or bubbles one gets with a typical toothpaste. I stayed with it, and after a couple of days I was delighted. After brushing, my teeth feel clean and plaque free, and my mouth and breath feel clean and fresh. My gums are healthier and I'm confident that continued use of OraMD will help prevent gum disease. Thanks for a great product OraMD.

Gene, Lexington, KY

Testimonial11

I received my order and am loving the product.I am using as directed and really like the taste of your product. I have a dental appointment on August the 12th for a deep cleaning of the teeth, and gums, i will keep you posted on how the product is working. I hope my dentist will be as pleased as i am with the results that i am already seeing using this product.Thank's again for the great service i received my order on Wednesday, it was shipped from your place of business on Monday.I will keep in touch.

Testimonial13

I really do enjoy using your prnduct ORA. It gives my mouth such a clean refreshing taste. I was so excited when I went to the dentist after using your product for 3 months , I had zero bleeding points!! That was the first time I had ever had no bleeding points. I especially like the fact that it is all natural with no chemicals or preservatives. If gives my mouth a fresh awaking feeling and I feel like I have not had bad breath since I have started using it. Its a terrific product and would highly recommend it to anyone. I gave it to my grandson and he smiled real big while using it to that pleasant surprising awaking feeling it gives. We both chuckled. Thanks for making a healthy tooth polish combination mouth wash!

Testimonial15

I started using ORA MD about a month ago. A couple of drops on my toothbrush each time and a drop or two between brushings on the particularly bad gum areas. I quit using toothpaste altogether. I purposely delayed my next cleaning an extra month so I could get a test of how well, or not, the ORA MD would work for me. Well, today the hygienist and my dentist were both very happy with the condition of my gums! Believe me, that was a miracle for sure. For the first time in 2 years I had absolutely no bleeding! Previously I had a dark, purple area over a bridge that is now nice and pink.

There was way less scraping that had to be done (thank God, cause that hurts!). I'm guessing here, but it seemed the actual cleaning of the teeth took approximately half as long as previous visits because I had less to scrap off! I was so surprised (not to mention, relieved) when the hygienist said she was done! The hygienist even agreed to a little longer time between cleanings. That never happened before and wouldn't have happened today if there had been the slightest problem. The fact that today it has been 4 months since my last cleaning instead of 3 was even more proof that something was going right in my mouth for a change!

So, I'm looking forward to continuing with ORA MD and at my next scheduled cleaning I expect even better results. I admit I was skeptical that anything could improve the condition of my gums,but ORA MD has changed my mind and I'm so very thankful for that.

Thanks for a great product! I'll keep you posted on its continued success for me.

Kay G.

Testimonial18

I have want to tell you that using the product resulted in the cleanest feeling inside my mouth. I have been in need of extensive dental care but had to delay it because of a lack of insurance and funds. So my gums were a little "angry". I found that by using Ora-MD it really helped my gums be a little less "upset" and I will be continuing to use it for my dental care. I was quite pleased with the product.

Jennifer W., Gainesville, FL

Testimonial21

Do you happen to have any other specials for OraMD at this time? I have used one bottle and broke my second bottle and all of its contents ran out. This product has been very helpful to me in getting my gums healthy again. There is a drastic change in the way that my gums look and feel and they seem to be much healthier after using one bottle of OraMD. Thank you!

Annell

Testimonial22

I was recently hospitalized for 6 weeks after a serious surgery. I was too disabled to get to a sink or even to brush my teeth over a basin brought to me. In this circumstance OraMD saved my gums. I applied it to cloth coated dental piks, and used that to clean and stimulate my gums for those many weeks. While hardly an ideal dental hygiene, it worked well enough that I had no gum problems once I was discharged, and I am convinced the OraMD was the reason for that.

Testimonial31

By the way, I am in Germany with some of my students. One of them was having problems with canker sores... so I let him use my OraMD for a couple of days his problems cleared up in just a couple of days. Another of the girls was having mouth soreness so I told her to try the OraMD for a couple of days. Sure enough... she's good as new. So thanks for a product that works.

Testimonial34

I only recently started taking Oramed and it truly did begin to work. I had badly bleeding gums to the point where I was frightened. Dentists are very expensive and I had not been able to go to one for years. Thanks to an inheritance I have been able to go to a dentist lately and have been getting treatment. I am in Canada so any statement I make about my dentist will not impact on your government rules.

However, I must say that the OraMD was the ONLY thing that helped with the bleeding gums. It significantly slowed down the bleeding and was great for leaving a super clean minty taste. I do feel that the use of Oramed helped with my gumsI am still using Oramed instead of my regular toothpaste as it seems to do a better job.

Stephanie P.

Testimonial35

For the past year it's been necessary to have my teeth cleaned every 3 months just to try to keep my gums from getting any worse. From my appointment in January, 2002 to the appointment in April, 2002 it had become apparent it would be very difficult to just maintain the present condition of my gums, much less improve them. I started using OraMD in July, 2002.

At my next cleaning appointment in August, 2002 the condition of my gums had indeed improved from my previous appointment in April, 2002. I didn't have any bleeding for the first time ever. Also, thehad even improved. I mentioned to the hygienist that I had started using OraMD and felt it was helping keep my gums in better condition. The hygienist didn't make an official note of that in my record but we did discuss it. Dr. Leslie felt I had made progress and seemed pleased.

The only thing we discussed further was having fillings replaced. For various reasons I was forced to postpone my next cleaning visit until March 3, 2003. Even with waiting over twice as long between visits my gums were still being maintained in good condition and I had no bleeding. Considering theI had when I first started going to Dr. Leslie, having gums in "good" condition is a miracle in itself.

I haven't used toothpaste but 3 or 4 times since July, 2002 and that was just when I ran out of OraMD. I can't imagine having to go back to that because even with a sonic toothbrush the toothpaste just wasn't providing the same results as OraMD.

Kay G.

Testimonial36

I have had a longstanding problem with bleeding gums, bad breath..... Since then, I found OraMD. I just went to the dentist for a cleaning a couple weeks ago. It had been over a year since my last visit. I was apprehensive, since it had been so long, yet curious, as my gums had not been bleeding since shortly after using OraMD. My wife noticed my bad breath had disappeared. My dental hygienist began her cleaning, I noticed that she had effortlessly, and

quickly completed the left side. She stopped, looked at me and said, I cannot believe how good your gums look, and how little plaque and tartar there is! She said it's been over a year since your last cleaning, and your mouth is the best I have ever seen. I told her about OraMD, and told her the website address. She quickly finished the right side, and said, I can't wait to get Dr, XXXXXXXX in here so he can see this. Then in came my dentist, Dr. James XXXXXXXX. He looked and was impressed.He asked, tell me about this miracle potion. I gave him the website address. He said he would check it out. He wanted to do more research on your product before he could tell others about it, but he said, since you have already made the decision to use the product, and based on my exam, you should keep doing what you are doing.

Mike M., Santee, CA

Testimonial37

I started using ORAMD in 2002 and found the results to be very satisfactory. I purchased ORAMD as I was experiencing bleeding of the gums when I brushed my teeth. After using the product for several days I noticed that the bleeding subsided. Also, it was very helpful with improving my breath. In fact, I was so satisfied that I would not hesitate to purchase the product again.

Gordon J.

Testimonial38

When I recently had my teeth cleaned, my hygienist told me they were in the best shape she has seen them in since I have been her patient (which is about 3 years).I told her I was using OraMD and asked her opinion on whether she thought it had helped. She expressed some concern over it not having fluoride (big surprise...laugh out loud...) and stated since I had also whitened my teeth last August before I began using your product, that whitening does sometimes improve the enamel so not as much plaque adheres. She said I would know better by my next six month exam whether it was the whitening or the OraMD. In my opinion, however, it is the OraMD. My gums hardly bleed when she cleaned my teeth. She also commented on how much better I had been doing flossing- then I told her I haven't flossed in

six months since my last exam! My gums no longer bleed when I brush them, they are a healthy pink instead of red, and I am VERY satisfied.

Testimonial39

This is not Gillian but her husband Paul,I will not be seeing my dental practitioner until July this year. However I was going to email you to let you know that

- a) My gums do not bleed any more.
- b) The bad breath that I had, from time to time, does not now occur.
- c) The tartar build-up on my front lower incisors is greatly reduced and seems to be a lot softer and easily removed.

We are now just starting our third bottle of OraMD and have another 3 to go before we will be ordering more.

Testimonial44

I want you to know that I did receive my order and am using the product. I admit, I think I love this product. After only a few days I have noticed how smooth my teeth feel. I actually enjoy brushing my teeth because they feel so good when I'm done. It's nice to think that such a simple, natural formula can be the answer to persisting problems with my gums and teeth.

Thanks for now!

Susan

Testimonial45

I was given ORA MD “The Mouth Doctor” by a friend because I had problems with my vocal cords, (Staying hoarse after speaking for several weeks). After I started using ‘the mouth doctor’ it wasn’t long that I noticed my hoarseness was better.After using this product through the fall of 2001 and also the winter and Spring, I have not had the first sinus infection that I normally get each year because of allergies. I know that the benefits of the ‘mouth doctor’ are for “healthy gums”

Testimonial51

I am not sure if you were the gentleman that I spoke with originally, but I called again just this past Monday. Scott was so nice as was the first person I spoke with. Lo and behold when I anxiously opened my mailbox, a cute little package appeared. I felt like it was Christmas. I was so excited that I couldn't wait to brush my teeth. One application and I have never felt so free in my life. If I can feel this good after years of having people back up when speaking with me, I am sold. I can't wait to wake up tomorrow just to brush my teeth and start a really fresh day for the first time. I feel like my life is about to change.
.....I'm glad I found this wonderful product.

Sharon Q., Silver Spring, MD

Testimonial53

I have been using Oramd for about a month now, and the difference in my gums is amazing.
.....My gums seemed to pour with blood every time I brushed my teeth. I couldn't afford the high cost of seeing the dentist and was terrified I was going to lose my teeth. I saw the ad for Oramd and decided to try it. I have to admit I was very skeptical. The first time I used it I hated the taste, it felt like it was burning my mouth, but I decided to persevere, I am so glad I did. Now my gums bleed much less, the bad breath I was suffering from is gone.After using it for a few days I grew to like the taste of it (no more burning sensations) I now use it a few times a

day to freshen my mouth/breath, as well as brushing with it twice a day. Thank you Oramd for saving my teeth. I will definitely recommend you to all of my friends.

Debra I.

Testimonial54

I have been using ORAMD since June 2004. I am pleased and hoping that it is helping my receding gums. My gums are not bleeding anymore when I floss and I think they look more pink. But I am not sure if I am making any head way on stopping my gum recession. Anyway, so far I am pleased and will continue to use the product.

Testimonial55

Just to let you know I am still using OraMD , I think my favourite reason for using this product is that once I have used it in the morning my teeth feel clean all day, my teeth are really important to as 7 years ago I had massive surgery including laser surgery on my gum line since using OraMD I really do not think I could revert back to messy toothpastes in the future, keep up the good work.

Bobbi, United Kingdom

Testimonial56

I've used OraMD 3 months and since day one my teeth have felt clean and smooth. With toothpaste they were always still rough. No more. OraMD leaves my teeth feeling shiney and my mouth tingly and fresh.

Dorothy, OK

Testimonial57

OraMD is very effective at combatting low carb breath with sometimes affects people on a low carbohydrate diet. It also helps suppress appetite. I eat only once a day and have done so for two years. I have lost seventy pounds and still going. My whole digestive track from mouth to stomach is perfectly PH balanced. OraMD is a life style.

Sigmund I., Japan

Testimonial58

I knew, when I first started using OraMD, that this was way better than any mouthwash on the market. Those brand-name mouthwashes only keep your breath fresh for about 10 minutes, then you're back to the same yucky cotton-mouth as before you used it. Not with OraMD! The very first time I used it, I drove 45 minutes to a mall and after walking around for a while, realized that my mouth still felt fresh and clean, and my breath was still minty! I also keep a bottle of OraMD in my purse, because 2 drops on my tongue will instantly kill the bad breath from any meal, and without the sugar of dinner mints. I'll never use anything else again!

S. White Lowell, MI

Testimonial60

I have been using OraMD for two months now and can see a marked difference in my whole mouth. My gums are a healthy pink color, decrease in bad breath (minimal to none) whiter teeth, and less plaque based on my last dental cleaning visit.

Veronica J., Chicago, IL

The testimonials above are genuine and have not been changed for grammar, punctuation or spelling. These testimonials were edited to comply with FDA Regulations. These experiences should not be construed as the typical.

Testimonial61

I just wanted to share my experience using your product as I find it quite amazing.My gums bled all the time and my teeth were quite sensitive. After the first month of using OraMD my bleeding subsided quite a bit. By the second month, I virtually have no bleeding gums.

Besides the stoppage of the bleeding gums, my teeth & mouth feel sooo much cleaner as well!! I liked the product so much that I ordered some for my husband. He had always used mouthwash as he had trouble with bad breath. The other day he was brushing his teeth & he shouted out "this is great stuff".

We both went to have our routine teeth cleaning yesterday & I asked the Dentist if she noticed any change in my teeth. She said "there is a lot less plaque, what are you doing?" She then cleaned my husband's teeth & asked him if he was using the same product on his teeth as she noticed the reduction of plaque on him as well. We have actually both become addicted to it.

The thought of using toothpaste again just repels me. We no longer use mouthwash as it is just not needed. I now feel like my teeth are really being cleaned when I brush my teeth.

Barbara, Los Angeles, CA

Testimonial62

I once ordered the OramD toothpaste and found it to be very helpful for my bleeding gums and all that was going wrong for my teeth. OramD started to make an impressive improvement until it ran out. I couldn't make contact to order more because from this part of the world we constantly face power problems which results in us not having access to the internet/email. I have just got my problems fixed and have been trying to order 3 bottles at the discounted price as advertised on your website.

Grace B., Paraguay

Testimonial63

I have been using OraMD for about three months and I love the product. I have lots of crowns and bridges and always dreaded going for my dental cleaning and checkups because of the pockets around my crowns,as well as my bleeding gums.

This product does excatly what it says it will do and lots more! My gums are pink and healthy and I do not have bleeding gums when I floss and brush.

Everyone should try this product...what do you have to loose? You will be so amazed with the results you get...healty gums, clean teeth, and great breath...just to name a few.

Now I don't dread my dental checkups and am anxious to see what my hygenist has to say on my next visit.I will never be without OraMD!!!

Ruth S., Bristol, TN

Testimonial64

I love this product! Several years ago I was told I need extensive gum surgery, it only made the situation worse. I wish I had OraMD then. It has made all the difference in my dental hygiene. I have always had better luck with natural products and this is no exception. My teeth are whiter, my gums in better condition, and I have not had a cold since I've started using it. (This, after getting one repeatedly). I love the product and I love the service. Thank you,

Debra B.

Testimonial65

I have been using the oramd for two weeks and already see results.Thanks to oramd its working, my gums are not bleeding as much nor am I real sore in my gums.

Cinder G., Lumberton, NC

The testimonials above are genuine and have not been changed for grammar, punctuation or spelling. These testimonials were edited to comply with FDA Regulations. These experiences should not be construed as the typical.

Testimonial66

I did what you suggested and my gums do feel much better, even after 1 day. I have abandoned the other products and have used OraMd a couple times yesterday and a couple today, and my gums are feeling really good. I am one person who thought would never have these problems. I think the problem is not brushing at night, allowing the bacteria to form. Anyway, I'll keep you updated if you are interested. Thanks again.

Matt

Testimonial70

I love it! I will definitely be ordering more. I carry this one in my purse and will need an extra for home and 2 for my family. C. Brown will be ordering today or tomorrow. I am spreading the word. The flavor is not as stout to me as it would be to others, because I have become more familiar with natural, herbal flavors over the past 2-3 years. In fact, the flavor is quite pleasant and refreshing. It gives you a good morning "zing" and leaves the teeth feeling clean and

invigorated. I really love this product. I apologize for not letting you know that I received the order. Have a wonderful day.

C. Brown

The testimonials above are genuine and have not been changed for grammar, punctuation or spelling. These testimonials were edited to comply with FDA Regulations. These experiences should not be construed as the typical.

Testimonial71

.....I was on a 3-month schedule for dental checkups. After improving my oral hygiene I was changed to every four months. I began using OraMD in November 2003. I had switched dentists because of insurance changes at work and so I was not able to get a before and after evaluation. But after using OraMD for four months I went to the new dentist and was told to return in six months. At my next visit I was told I had excellent oral hygiene. That was music to my ears.

Testimonial73

I received the ORAMD product last week, I am greatly satisfied with the product. I no more have bad breath, gum bleeding has reduced drastically in just 3 days. In short, it is working great. Thank you.

Siscely J., Vancouver, Canada

The testimonials above are genuine and have not been changed for grammar, punctuation or spelling. These testimonials were edited to comply with FDA Regulations. These experiences should not be construed as the typical.

Testimonial74

I received your order much sooner than I expected (Saturday 7th Feb). Considering I live near Manchester in the UK and I only ordered one bottle, then I have to say that your service is excellent. I thought it might take a good while, coming from the States. I hope to come back to you soon with some positive results. We'll have to see what happens. I must say, this stuff does make the mouth feel clean and fresh, I didn't find the first application "stout" (is this an American word meaning "overpowering" – in the UK one meaning of "stout" is a kind of heavy black beer, like Guinness 😊). If I have positive results, I will get back to you. Regards.

Maeve A., United Kingdom

Testimonial79

Thank you for your e-mail. I am a big fan of your product and recently ordered 2 bottles because I now begin to panic when I start to run out of OraMD and fear that I will run out before a new shipment arrives. I can no longer stand the taste of toothpaste and it feels so ineffective compared to your product. My gums are healthier, my mouth feels cleaner and

fresher since I've switched. And I'm flossing more frequently because flossing no longer hurts my gums. Thank you,

Michael L., New York, NY

Testimonial82

Yes, I did receive my orders and I am already so excited because I'm seeing results so quickly!! My gums are beginning to be a noticeable pink rather than the shiny red on a couple of spots, breath is so freshNow I have more than hope. I'm watching this miracle happen. Every day I see improvement. I've even started my 3 year old grandson on it, so that he gets used to the strong taste (at first). All your claims have been true, at least for me. I am somewhat dazed by it all..This is the second product I have ever ordered that actually produced real results and I am so grateful to you for providing this caliber of service, but even more importantly, for offering

what I now know to be a truly quality product. REMARKABLE!!
I cannot adequately express my thanks and gratitude to you.

Mary E., Conroe, TX

Testimonial83

.....I can see now after one month of using oraMD that my gums are healthy pink, there is no bleeding whatsoever, my teeth do not feel loose at all and I can actually see more gum coverage over my teeth then when I first started using oraMD – so something is definitely happening –

I will write back at the end of June to let you know what my dentist says! Thanks for your support! Also, how do we refer this product because I am sure he will ask me what I'm using!!

Thanks
Livia

Testimonial84

Thank you for your follow up. I'm please to let you know that I have received the product and have tried it right away. It is a little strong to start with but when I run my tongue around my teeth and gums after I finished with the brushing I feel the real different. I can tell that my teeth are clean and fresh and most important that I know my teeth, gums and mouth are protected by the OraMD.

James

Testimonial85

OraMD is the best stuff I've ever come across.and very soon I saw and felt results. Now I use it all the time and gave a bottle to my daughter who loves it also. When I went back for my exam, my hygienist saidand my mouth looked fantastic! I think my teeth may have gotten a little whiter, but I drink coffee and colas and they are pretty yellow looking, but I'm sure it's helping. No more bleeding! Praise God for OraMD! I don't use toothpaste anymore at all. Oh, and no more bad breath!! which I believe is due to my professional cleaning to remove plaque, and OraMD!

Sue

Testimonial86

After a pretty negative dentist visit I purchased Oramed. My gumsand I had a high amount of plaque. That was around 6 months ago. On my last visit the hygienist couldn't believe improvement in my gums or the disappearance of plaque. From now on I will use Oramed and throw out my tube toothpastes. I'm convinced that your product saved my gums and teeth.

Thanks,
Bruce C.

Testimonial87

Hi my name is Wanda and I have been using oramd for 3 1/2 weeks. I have recession of gums in areas due to brushing my teeth to hard and using a hard bristle brush off and on during my adult life. I have switched to an electric toothbrush-soft bristles and using oramd 2 x day, with drops off and on all day, for the fresh taste. I can really tell a difference in my gums and teeth since using it. My gums are looking so much better,and it is great not to have to worry about offending someone with bad breath.Cannot wait to go back to the dentist and see what she has to say.

Wanda

Testimonial88

My daughter Wendy told me about OralMd. She had found OralMD when searching on the internet to find something to help the chronic canker sores inside her mouth . . . whenever she would bite the inside of her mouth it would turn into a painfull sore. After she had been using OralMd for a short time the sores no longer materialized, her gums improved and she got a glowing report from her dentist about the lack of plaque on her teeth. It was after the dentist appointment that she felt confident enough about the product to recommend it. I have experienced the same results. It's true that the "stout" nature of the product was a bit off-putting at first, but after several weeks it's a pleasant and refreshing taste that I look forward to. This is a product that I can now confidently recommend.

Thanks,
Gloria Davis

Testimonial89

Ora Md does seem to help. At least, the horrible taste in my mouth is nearly gone. I can't credit that to my dental work (deep root cleaning) as I just had the first of two treatments for that this week. So,I do think it is the OraMd. I re-ordered a bottle so I can keep taking it until my dental work is done.I have recommended OraMd to other people. Something sure made a difference for me, and OraMd was the only other thing I tried other than deep root cleaning.

Thanks,
Kathy

Testimonial90

Thanks for your email. Yes, I have had a positive result from using OraMD. I had one area of concern (slight gum recession on just one tooth, my front tooth!). Since using OraMD the recession area is no longer aggravated or sore. The area looks healthier and the inflammation

has disappeared. I will continue to use OraMD, knowing that it is having such a positive effect on my gums. The long term health of my gums and overall oral hygiene will be better for it!
.....Thanks,

Wonda

Testimonial91

Ora MD kicks ass. I set out looking for a toothpaste that would not creep me out with it's "whitening" effects, added calcium or lemon flavor or whatever else and also when i used to use regular toothpaste it seemed ultimately to be missing something—with Ora MD, the fresh happy mouth feeling I've been looking for is extreme and it lasts, which to me is miraculous. I don't see why anyone uses anything else to brush their teeth. it's the best! From the first time you use it, you get giddy cause it basically gives your germ infested mouth a true natural makeover. you feel better with fresh teeth!

.....It's just awesome.

Carrie

Testimonial93

.....The other one of us, has a problem with cold/canker sores. They crop up at the most terrible times (is there ever a good time?), and will show on the lips, becoming enlarged and hanging around for a week or more. Since the switch to OraMD, the occurrence of cold sores has reduced to hardly any in the past 6 months, and the couple that have tried to form disappeared within a couple days, and remained small and undetectable to anyone else. THANK YOU FROM OUR FAMILY! We'll never go back to toothpaste!

The W-G Family

Testimonial97

I have to say that this stuff really does work! I so wish I was able to take before and after pics but I don't have a camera! I haveand swollen bleeding gums on my bottom teeth and I can tell you that after only 1 and a half weeks of brushing only twice daily and an occasional drop or two on my gums during the day.....My gums are no longer swollen and there is only a little bleeding at times but have only used for a short time so I can only imagine what it will be like a few weeks from now! I DO NOT use anything else whatsoever like recommended for this to work right. Now I will say that it was stout the first few days as stated it could be, but it was worth it! Now my mouth is used to it! I will not be without my OraMD from now on! Just LUVS IT!!! You have one more faithful customer right here!

Thanks
Victoria

Testimonial98

Well, I had absolutely no intention of leaving a testimonial, but due to your efficient follow-up process, I guess I feel compelled to at least tell the truth.

The stuff is gold. It has amazed me with how it controls ANY breath scent at all. I have tested it after eating the spiciest foods and even smoking cigarettes. More amazing is the fact that I've tested it BEFORE eating spicy foods or smoking, and it seems to coat the mouth with this minty oil that inhibits other scents from settling in. About 15 mins after a meal or a cigarette, my mouth feels minty again, believe it or not.

As for my teeth and gums, they feel microscopic clean, smooth, slick, like dirt or gunk would

just slide off. It doesn't seem to form anymore, not that I can tell, really.....crazy as that sounds. I never thought I had any gum problems,I feel confident at all times about both my breath and the overall health of my mouth. The product is truly what it said it is. And more. Thank you. You've got a customer for life.

Christopher W., Toronto, Ontario

Testimonial99

I have to tell you this is amazing!

I have been using the ora drops for three days and my teeth are so white. Everybody notices how white my teeth are. I didn't expect to see results this quick but I did. My daughter who is 20 also tried it because her teeth were yellow. She went to work the next day and people noticed her teeth are whiter. I just want to thank you. I already see an improvement in my gums as well. I have really bad gums. This stuff is great!

Caren

Testimonial100

Hi there! I've never written about a product before but I feel that I MUST do so for this one! I am so thrilled! Where to begin.....well when I ordered OraMDmy gums were so swollen and red and shiny and were always easy to bleed, even when I ate soft foods.and all I can say now is WOW WOW WOW!!!By the way, I have NO MORE BLEEDING when I brush my teeth let alone eat!! I'm amazed for a lack of better words. I get goose bumps when I look in the mirror and see my gums. I just shake my head. I go to massage therapy school and have been introduced to essential oils but I had no idea you could brush your teeth with them! Thanks a ton and I'll NEVER go back to toothpaste again!

It's funny, what prompted me to look for alternatives to toothpaste is that my daughter just turned 2 and I was concerned about using toothpaste with her and so I looked on the internet for an alternative and your webpage popped up.

Thanks again and I love the informational emails you send as well. Keep `em coming!

Jennifer M.

Testimonial101

DOES IT JUST KEEP GETTING BETTER??

After using your product only 3 weeks, the bleeding gums that I've "always" had are no more!!!
Bad Breath... You've got no competition in this category!! "Stout" is a great description!! A
Natural Product without the risks most of us are still exposed to just because another product
was the first thing introduced to us. Change is good!!
I changed & I'll always use this product!!

Rick N., Washington D.C.

Testimonial102

Just a quick note to tell you how much I love your product! It had been awhile since I had been to the dentist and I noticed my gums were becoming inflamed and swollen! I have had an ongoing problem with my gums because I have trouble flossing and caring for them as I should becomes of a disability I have which limits my mobility. I ordered your product and the first time I used it tasted bad! But then I read where that was to be expected and a sign of bacteria in the mouth. Now after 3 weeks the swelling has gone down, and I love the taste... I'm hooked and about to order more! I actually had my bottle misplaced for a day by some contractors working on my bathroom, and I was like a crazy man looking for my bottle of ORA md! I use it everyday and will continue to do so. It's great and leaves my mouth feeling so clean and refreshed!

Thank You

Edmond R., Sacramento, CA

Testimonial103

hi. wow, my best dental check up ever!! i am doing something different i thought i would tell you about.

i have an electric flosser. it has a plastic end that vibrates between the teeth. i have been dipping the end in the product and it is incredible. they couldn't even find plaque to scrape off my teeth!!

i have graduated to cleanings every 4 months instead of 3if things keep up, i will only have to go twice a year like regular folk.

i am bringing my dentist and my hygenist your product to see. they are amazed at my progress!
thanks soooooo much

Andie M., Metuchen, NJ

Testimonial104

I ordered OraMD about 3 months ago and have used a little more than one bottle. I was VERY doubtful that it would make a difference in my gum problems. But, I used it faithfully at least twice a day, thinking that I did not have anything to lose since you offer a 100% money back guarantee.I will continue to use OraMD, you can believe me! I have recommended OraMD to my friends and family also.

Yvonne B., Stone Mountain, GA

Testimonial105

With my dog Dizzie we have had a results. Almost immediately his horrendous bad breath seems to have disappeared. He doesn't like me trying to brush his teeth – his gums do look sore and bleed after just a little rubbing. But I'm going to persist for a week or 2. If we have a result boy am I going to be impressed.

When you get your new "stress" product ready could you remember to send me a "personal" reminder. I get 20/30 spam mails a day and most of them get dumped.

Best wishes and thanks again

Maggie

Testimonial106

I tend to get a little wordy when lauding the praises of something I support. That said, here is my story:

I hadn't been to a dentist for well over 10 years because of lack of finances, too many fears, etc. I brushed every day, but never flossed due to sensitive gums (I was a child with healthy gums when I had this problem). But when things got really bad and my gums swelled and bled a lot,Before my initial visit to the dentist, I used a health product for gum disease that my mom bought from another company, and though it was good and helped alleviate pain/redness, etc-it was water-based, not oil-based, so didn't have the strong, lasting effects. Nor did it work as fast. Also it had goldenseal in it, so was dangerous to swallow, and there was a warning on the label not to do so. When I went to the dentist, I used everything she told me-special mouthwashes, toothpastes, etc-desperate to get my gums back to what they were, but nothing worked. After a search on the Internet, I came across a web page about OraMD, and read all the information, finding a link that took me to your site. Since I believe in health foods/products over that of scientific medicines-(I also take vitamin supplements/herbs/antioxidants, herbal teas, etc, so am a bit of a health nut)-I was more than ready to give your product a try and felt peace about doing so.Here is a diary account of what has happened since using your product and nothing else.

1st day: I used it once at bedtime on the day I first received it in the mail-my initial use-and woke up to a healthy pink color under the center teeth of bottom gums toward lip where it has been red for at least 9 years, as well as pink along the gums where tooth meets the gum in many areas. I was floored to see what I did in the mirror. OraMD was very stout, as you warned, but I've endured far worse, and I was determined to see this through. With the amazing results from just one use, you couldn't have paid me to stop! I was finally, after years of desiring it, seeing my mouth return to normal. 😊)))))) Also with each use, the aftereffects were a lasting clean feel in my mouth I never felt before-my mouth felt alive, better than when I had used Listerine even.

2nd day (when using it per instructions all day-as a paste, mouthwash, and topically applying it/putting it on tongue): woke up 3rd morning to find pink along gums all the way to top ridge,.....-but these places were less red than day before, and the streaks above one tooth were also less red. A bump between my teeth, on the gumline (that appeared days before when I stupidly abraded my gum with my electric toothbrush in a desperate attempt to massage that area to get the red out) shrank in size. Also, since day one, my youngest son inhales deeply when I talk and smiles, saying how good my breath smells. I never suffered from halitosis, so this has been a real surprise he would notice a change. He never said that right after I used

Listerine or ate strong breath mints.

3rd day: Gums are all pinker-firmer-all the way to ridge.

Fourth day:now a darker shade of pink, but no longer red. Red streaks are much lighter-a dark pink-and narrower in size. In short, they are shrinking/ turning back to healthy color.So far, I am astounded with the results of this product. I have no doubt that when I go for my next visit-which I'm postponing for 1 month to give this OraMD even more of a chance to work-my dentist will be very shocked and pleased. I'll let you know the report. 😊.....You truly have a miracle product on your hands. God bless you for sharing it with the public, and at such a fair price. I no longer feel I have to spend so much of my hard-earned money in order to have healthy teeth and gums!One last thing: At previous booksignings and writing conferences, I would try not to smile big around others, embarrassed with how bad my gums looked. Now I can't wait to flash my pearly whites again-and this is only the first week! 😊Bless you, bless you, bless you-I can't say it enough.

*grinning wide from Texas-

Testimonial108

Started using it straight away. I woulda thought that just 2 drops on ya brush wouldnt really feel like a lot. Its wicked, certainly even feels a whole lot better, and fresher and seems like it leaves nice shiny, oily, sparkling layer over your teeth. Hope it helps my receding gums and for sure i think im gonna be using this produt forever. Hope the results are amazing. I gave 1 bottle to my mum and one to my older sister and they are well happy with it as well so looks like i might be ordering a load more soon. Im gonna spread the word.....Ora MD rocks.

Thanks a lot, I'll keep in touch.

Scott

Testimonial109

I am very happy that I stumbled onto your ad for OraMD. In all honesty, I was skeptical at first but desperate to try something I could afford, to help improveI've only been using OraMD for a little more than a month. I am very pleased with this product. Already I have noticed major improvements. My gums are no longer red or swollen and my breath smells great. I don't have to be self-conscious and stand back from others when talking to them. I am looking forward to even more positive results as I continue to use OraMD. I wish I had known about this product years ago. Thank you for providing a product that lives up to its claims.

Angela R.

Testimonial110

Yes I have received my order. And I must tell you that this product is nothing short of a miracle worker!! I noticed a change almost immediately. My family also noticed and that made me feel good. Finally a product that I can say that I "swear by it" I will use nothing else.

Thank You So Much.

Customer For Life.

Emily M.

Testimonial111

I cannot say enough positive things about OraMD. I think it does the job it says it will do. I will not go back to using toothpaste. My niece has a two year old and wants to know how to

administer the product to her daughter, so the taste is not too strong for her little mouth.

Angela

Testimonial112

I have only been using it for about 6 weeks and have already gone thru a bottle – mainly due to the fact that my 10 year old son really like to use it.I just reordered yesterday and got my son his own bottle with extras for the rest of the family. I have an electric toothbrush and maybe I am brushing my gums so I will try to be more aware when I brush. I will keep an eye on the progress and let you know.....I have many friends who also are seeking alternatives to mainstream toothpaste and are seeking natural remedies. I will let them know about your product. When I did go to reorder yesterday , it did not recognize my email so I had to re-register.....

Anyhow thanks and I look forward to seeing good things.

Have a great blessed day.

Julie

Testimonial113

Hello there,

I am very satisfied with OraMD. When I first ordered it my gums were bleeding and in pretty bad shape. I've been using it just over a month and there has been great improvement. My gums do not bleed when I brush now and they look that healthy pink not red. Even my dentist commented on how good my gums look. I recommend this product to anyone who wants to keep their teeth.

Sincerely, 😊

Melina B., Reseda, CA

Testimonial114

I have been using Ora MD for about a month now. My gums are in pretty bad shapeSo I started using this product and I was very glad I did!breath were awful.....a few weeks into using thiscompletely the bleeding occurs at times but not very often.I plan to go see a dentist in a few months to check the progress. But my teeth are the cleanest they have ever been ,at one time I feared losing my teeth now I'm sure Ora MD will help save them this is an excellent product. If your feeling skeptical its ok I was too but which would u rather pay thousands of pounds or a few hundred over a longer period?

Chris

Testimonial115

Hi – just a comment on OraMD. I find it to be a great product. My gums feel much better. For the last two years my gums have been really really bad but feel so much better now. I use the OraMD about 3-4 times a day for the past few months. I love ice cream, but after eating it my gums would be so painful, but after using the OraMD I don't get that pain anymore. Its great.

Lynn

Testimonial119

Bleeding of gums has diminished. I am now more relaxed about my breath. Had a small travel break and used toothpaste and both gums and I hated it. Toothpaste irritated them and the texture of it in my mouth was just awful. My mouth didn't feel clean and it was abrasive. The drops are brilliant to use and the lingering freshness is reassuring. By no means am I out of the woods with the seriousness of my condition, however,Toothpastes and mouth exploding intense mouthwashes made of God only knows that concoction of chemicals is definitely not the answer. I do believe these magic drops are.

Christine

Testimonial121

.....I will be ordering some more in the New Year as it is really good to use and my gums don't bleed now when I brush them – which they did every time before – plus I am spending longer on them and have invested in an electric toothbrush – still not going to stop smoking though!!! and no I don't want any whitener!!! :)(well not yet anyway!!)

I hope you have a lovely Christmas and will be ordering with you in the New Year!!

Kind regards
Julie

Testimonial123

Dear Trusted Health Products,

I just want to tell you how much we appreciate your product, Ora MD! What a wonderful product. Our teeth have never felt better, EVER! And our daughter who was having a really terrible time with tooth decay has been problem free since she began using it last year. Even the hygienist asked for the info about it when she saw the difference it made. Up to that point I was told that it was just a fact of life that our 5 year old had an abundance of germs, and that the only remedy was LOTS and LOTS of flouride!!! This scared me to death and I am so very glad I searched the internet for some alternative and found YOU! THANK-YOU for selling ORA-MD! I wish other people would believe me when I tell them about it, but they seem to trust in flouride without question. I came up with a great slogan for your product this morning: ORA-MD – Kills the Germs – That Causes the Plaque – That Hardens to Tartar – That Ruins the Teeth. – – – No Tartar, No Plaque, No Germs, NO PROBLEM! Let me know if you could use my slogan. More people should know.

Linda H.

Testimonial124

Thankyou for your prompt service I did receive my order and I'll let you know of my results in a couple of weeks. Also I want to let you know that ORAL MD is the best product that I have ever used, I don't suffer from mouth ulcers (Cankers) anymore I am addicted to the clean fresh feeling and will never use toothpaste again. My family are also using it and we are all happy with the results. **Thanks Karin D.**

Testimonial127

I've now been using Oramd for, heck I can't remember how long, but I've been to the dentist twice since I started. Both times my dentist has told me how wonderful my teeth and gums look. This is quite a pleasant thing for me to hear because, I have always had reasonably healthy teeth and gums, but, I have a few fillings and have experienced sore bleeding gums at times. Since starting to use oramd, I have had no problems and my mouth feels healthy and fresh. I'm one of those people that my boss jokingly calls a dirty smoker, and I've found that my mouth is a lot less furry and my breath is definitely not that of a normal smoker. In a nutshell I'm most impressed and I will keep using Oramd for as long as I can afford to have it sent to me from way over there in America. Looking at the ingredients I can't quite understand how or why it works so well...all I can say is that from my experience it does work and it does so incredibly well. Thank you!

Kind Regards

Judith M., New Zealand

Testimonial128

Hi,

I have been on OraMD for over two months now. I just went to my dentist for my teeth cleaning appointment and they said they could see how much improvement there was in my gums. I was very pleased with this report, because even though I never miss my dentist appointments (twice a year) and have always brushed and flossed, I have not had a good report on my gums for the past two years. The dentist said they were a little redder than they should beYour product is a little awkward to use at first, because you always use toothpaste and for the first 3-4 days it kind of feels like you are not cleaning your teeth properly. I don't mean that in a negative way, because my teeth felt cleaner, my mouth fresher than it ever did when I used toothpaste. But, what I mean, is that it is hard to break old habits and it was just very different using the oil versus toothpaste. I am very happy that I am using OraMD and I can see a big improvement in my gums.

I also have my sister and brother-in-law using it. I wanted to first see what my dentist said about my gums before I started sharing the info with others. I also ordered your whitening product and that is very nice too and very reasonable in price.

I just want to end by saying that I can't believe that the dentists do not promote this product or maybe they do not know about it? If something can work this good – why isn't it out on television commercials and in magazines so others can learn about it and enjoy the benefits it has to offer???? We need our teeth for a whole lifetime – I love how great my teeth and gums look right now. Thank you for inventing this stuff!

Marcia B.

Testimonial134

I was diagnosed with periodontal disease several years ago. I had the surgery on my gums. But occassionally, my gums still bleed. I was introduced to ORAMD brother who gave it to me as a gift for Christmas.
After having used the product for a few days, the bleeding has disappeared.
I have now been using the product for almost two months and there has not been any evidence of bleeding gums.

I love the product. It is so refreshing to my mouth. I use it not only as my toothpaste, but to freshen my breath and to gargle. It has been a pleasure to use it. Thank you for the development of such a worthy product.

Veronica J.

Testimonial135

What can I say about Oral MD other than the fact that it works very well. At first it had a bitter taste but after using the product for a couple of weeks the taste became rather pleasant. My gums had been bleeding on and off these last few months but after using Oral MD for about three weeks the bleeding has almost totally stopped. I would certainly recommend this product to anyone is fighting to save their teeth.

Russ K.

Testimonial136

For a fact, my gums are now in a finer state of health because of my use of your product. My gums no longer bleed as a result of brushing my teeth. I feel better because my mouth is in better health. Also, my breath is no longer offensive to me or anyone around me. On March 2, I shall return to my dentist for an evaluation. I will be happy to tell you the results. Sincerely
Jerald, Houston, TX

Testimonial140

Just wanted to say my brother started to use ORAMD the same day he received it. He has gum disease and his gums are receding. Well, for the past two weeks that he has been using it, his gums appear pink, not red anymore, his breath smells better, his gums are not bleeding when he brushes, but his gums hurt. He uses a soft brush and using only ORAMD, should he floss? His gums hurt and is afraid to floss. But there is an improvement with the color of his gums.

I was curious about the product, so I am using too. I get canker sores often, and let me tell you, I put a few drops on my canker sore and it didn't hurt or bother me. I also notice that when I brush now, my gums don't bleed and my breath smells good.

We have been using the product for about two weeks now and already want to order more. I will be ordering soon. The product is great. At first, it didn't taste all that great. It felt so strange not using tooth paste or listerine, but two days into using ORAMD, I love the taste, the clean feeling, and great breath. We haven't used toothpaste for two weeks and our gums are more healthy than ever.

Miriam T., Treister, PA

Testimonial141

I just wanted to update you on my OraMD experience. When I first started the product I had sensitive, bleeding gums(during cleanings)Well, I am elated to tell you that my dentist said I had excellent gums. They were able to clean my teeth without the use of topical anaesthetic— (oh yeah, I was that bad). Having my teeth cleaned did not hurt me at all. So, thank you, thank you, thank you for putting out such an amazingly effective product.

Dahlia S., Douglasville, GA

Testimonial143

I have suffered with bad breath I read and heard about OraMD (don't ask where, I don't remember) and decided to give it a try.

For the first three bottles, I used it only once a day and then brushed my teeth two other times with mouthwash. I still had some bleeding gums when I flossed though and the bad breath did not go away completely.

I decided to follow the instructions and use the OraMD twice a day, a gave up toothpaste and mouthwash completely. I have been doing this for over a month now.

My wife no longer complains about my breath and we are more intimate. My gums are firm and no longer bleed when I floss, even when I am rough and scrap the gums hard with the floss.

I now keep a bottle at work, in my travel kit and at home.

I am a firm believer in this product.

Don J.

Testimonial144

I found your product on the internet. I was looking for something natural that would help my sister and I. We both have problems with our gums. My gums always seemed puffy or red. My mouth never felt clean. Even after I brushed and flossed. So, I tried your product. It was amazing. I couldn't believe how clean my mouth felt. The puffiness has gone down. My gums are the healthiest they have ever been. (I'm 34 years old!) I hated going to the dentist. Even for a cleaning, because the exam would cause my gums to bleed. My last cleaning went great! No bleeding, and the hygieneist said my gums looked good!!!!!!!!!!!!!! I have my sister and my mom using it. We are customers for life!!

Yolanda H.

Testimonial147

.....After a few weeks of using ORAMD my sensitivity was gone and I was able to enjoy sugary desserts again pain free. When the bottle was empty I decided to try a toothpaste for sensitive teeth again to see what would happen and within a few days my gums were red, bleeding a little, and sensitive again. I have ordered another bottle and look forward to receiving it. One thing I did not like is that my teeth started looking brown after a few weeks. I used whitening toothpaste once in a while and that seemed OK.

Sharon

Testimonial149

Since I started using OraMD back in June my gums feel & look 100% better the bleeding has stopped.....my gums where so bad that they would bleed while brushing and after flossing, now I can floss and no sign of bleeding. I had a area of my mouth that when I sucked on that area I would pit out blood not anymore!!! I try to use OraMD two or three times a day, I just started keeping it in my pocket as a reminder. I use it as a breath freshener during the day just drop one or two drops and it really freshens.

Best Regards,

Testimonial151

I HAVE BEEN USING YOUR PRODUCT NOW FOR ABOUT 3 MONTHS. WHEN I FIRST ORDERED IT, IT WAS JUST BECAUSE NOTHING ELSE SEEMED TO WORK. MY DENTIST ALWAYS TOLD ME I WAS NOT DOING A GOOD JOB BRUSHING AND REMOVING THE PLAGUE. I HAVE NOT HEARD THIS SINCE I STARTED USING ORAMD. IT'S GREAT!!!!!!

Renee P.

I love OraMD and so do my kids. I had sore gumsI started to get a bad odor in my mouth and I wanted something that really worked. I have been using OraMD since August and I will NEVER go back to toothpaste. My gums no longer hurt and no longer bleed, and my mouth feels fresh all day.

I love the product.

I am writing to you to tell you how wonderful this company and this product is. I have been very impressed with the contact you have kept with your customers, sending emails to help improve their help and showing your latest findings.

But that is not the main reason I am writing. My mother has only had OraMD a week, and it has already helped her so much. She thought she had gums beyond any repair and I cannot begin to tell you how extensive her fear of the dentist is. The condition of her gums created such a deep depression in her that it would just tear me apart. In only week, she says her gums feel tighter and I can see that they are already pinker. She is already planning to order another bottle ASAP and never wants to be without it again.

God bless you.

Cindy

Testimonial154

This is the tenth bottle we have ordered. Every bottle we have ordered gets here in about three days, which is faster than regular mail. We are very happy with the product, which has saved my teeth so far. I had very loose bottom teeth, but after using ora-MD they have firmed up dramatically.Thanks again

Terry and Laurie

Actually I have been meaning to let you know how much I like your product.my gums no longer bleed or swell up and my sensitivty to cold has deminished. I liked OralMd enough to reorder 4 more bottles. It is a little intense at first, but I love the results.

Sincerely,
Robin S.

I think oramd is a very good product and I would recommend it to anyone with gum problems as a matter of fact I have told my own children about it.
So far using oramd has proven to be very helpful and makes my gums and teeth feel great, I will be reordering soon.

Thanks
Dan F.

Testimonial158

Hi there,

I have been using OraMD now for about 2 months and it really has made a difference to my gums. Since using OraMD I have almost no bleeding gums now when flossing or cleaning. I am absolutely amazed and pleased. I will be ordering some more soon as I want my family to try it too. I will be interested to see what the periodontist has to say on the next check up.

Lyn

Testimonial159

I'm 26 years old w/fairly straight teeth and no cavities. However, I hadn't gone to the dentist in 4 years! I didn't have health insurance from my employers unfortunately. Well, by this time, my gums were swollen and inflamed.....especially on my upper front teethToothpaste was actually aggravating my gums more than helping it. I then tried baking soda—an older neighbor told me that it 'works'—but it didn't work for me at all.

I did an online search and came to OraMD and read that it has natural oils that coated the gums and tooth and killed bacteria in the mouth, as opposed to brushing it away. I ordered my first bottle and received it withing two days. I used it twice daily for three weeks, returned to my dentist, and she literally screamed—she was so surprised at how much my teeth and gums had improved. The swelling had gone down significantly—and she even asked me if I used any whitening strips on my teeth b/c I had such a “nice sunshine smile”—I told her “no, only the OraMD!”.

After about 2 1/2 months of use, my teeth and gums are perfect and white, and I actually look forward to brushing my teeth in the morning and at night—I can really feel the OraMD working after I use it, and it tastes nice and pepperminty.

Hope this helps!

And thanks for providing OraMD—I really love this stuff—it's proof that nature really provides solutions— as opposed to chemicals and harsh abrasives that so many people believe are working for them.

Yes, I did receive my order. And let me tell you, I'm a happy camper. Your product is amazing. I have new confidence in myself. I'm happier and more carefree. I'm not afraid to talk to people now.

Thank you so much,
